

# Welcome to Nagahama Higashi Junior High School!!

## School introduction

Our school has 176 students and 27 teachers. The students are cheerful and energetic, and there are many very interesting teachers!!

## Event introduction

There is an important event called a standing ceremony around January of the second year of junior high school.

A standing ceremony is an event that sets dreams and goals for the future and expresses gratitude to those around you.

Write a letter of gratitude to your parents, and write and present your dreams and goals for the future. There are many other fun events, so I'm excited!!
